Complete copies or extracts of this catalog only by permission. Damage claims on the basis of data in this catalog cannot be recognized. The right of modification in construction or design is reserved. As far as we refer in our documents to part numbers of the vehicle makers, this is for comparison purposes only. The use of such information on invoices to the vehicle owner is not admissible.

The multitude of car models and spare parts from numerous vehicle manufacturers do not always allow an exact allocation. Therefore please pay attention to the corresponding remarks and spare part descriptions.

# GALFER – A WIN EVERY TIME

Premium brakes at an attractive price

**GALFER brakes are packed full of "stopping power" – in two respects: They provide the outstanding performance of a true premium brake. And they make an immediate impression with compelling prices. Secure your advantage with GALFER in the race for better quality and more customer satisfaction.**

## FORGING AHEAD WITH AUTOMOBILE BRAKES

You may wonder how we achieve premium quality on the road. The answer is quite simple: with double expertise. GALFER has long been a sought-after supplier of original equipment for the automobile industry. Continental has been one of the leading companies in the aftermarket segment for many decades. Together we are now also making the GALFER brand, which has long been established in the OE sector, available to wholesalers and workshops. And in doing so we are providing a range which perfectly meets the challenges you face.

## UNBRAKED INTO THE FUTURE

A good product is one thing; good service is another. To provide the best possible support for you and your business, we deliver our comprehensive product range as quickly as you need it – thanks to efficient and smoothly operating logistics. What is more, our training courses will set you up ideally for the future.

## GALFER ADVANTAGES AT A GLANCE

- Excellent product and service quality with outstanding benefits
- Decades of combined OE and after sales expertise
- Wide product range for many vehicle models and types
- Business-oriented services (e.g. training on new developments)

## TAKE OFF WITH GALFER PREMIUM BRAKES AND LEAVE THE COMPETITION STANDING.

# GALFER – HAS MORE TO OFFER

Wide-ranging guaranteed quality

SURPASSING INTERNATIONAL  
GUIDELINES AND REQUIREMENTS

BRAKE PADS WITH  
UNDER LAYER

AUTOMATED PRODUCTION LINES

ENVIRONMENTALLY FRIENDLY  
COATED BRAKE DISCS

BRAKE PADS WITH  
POSTCURING HEAT TREATMENT

DISC TECHNOLOGY  
WITH HIGH-CARBON ALLOY

## GUARANTEED QUALITY

The market is increasingly demanding attractively priced premium products. Aim for pole position ahead of the competition with GALFER.

**G**ALFER brake pads and discs will impress your customers with their careful machining and perfect assembly of the individual components. With stringent quality control throughout the manufacturing process, we ensure a comfortable ride for the full life of the product. GALFER will help you to satisfy your customers!

### THE ENTIRE RANGE FOR EVERY REQUIREMENT

Our brake components are tailored exactly to meet the demands of drivers, wholesalers and workshops. Right at the product development stage, we ensure that GALFER brake pads and discs are easy to fit, and thereby simplify day-to-day tasks in the workshop.

Our product range covers most vehicle applications. Simply look on our website to find out whether we have the right models for you. Or get in touch with your contact at GALFER directly. He will be pleased to advise you!

**GALFER CAN ASSIST YOU WITH A WIDE PRODUCT PORTFOLIO. WE WILL BE PLEASED TO PROVIDE YOU WITH WHATEVER YOUR CUSTOMERS WANT FROM YOU.**

# GALFER – GETTING IT RIGHT IN EVERY RESPECT

High-quality materials for high-performance braking

**A**s a dealer, you want to offer your workshop customers premium quality products. As a workshop, you want to fit brake pads which are safe and easy to install – regardless of which car you are working on at the time. And we want GALFER to be well accepted by all: by the wholesalers, by the workshops and by the driver. We have therefore developed brake pads to suit all customer groups.

## TECHNOLOGY BRINGS PERFECTION

GALFER brake pads are produced in Europe's most modern lining factory. Their sophisticated mixture of materials guarantees optimum friction characteristics. The pads are even run-in during production. In this way, we ensure that they provide full braking power from the very beginning – even when the brakes get hot on a long downhill stretch. If, however, a product liability situation should arise, our items can be easily traced.

## MUCH BETTER THAN REQUIRED

The statutory requirements for brake pads are strict: according to the European ECE R90 regulation, replacement pads may differ from the original pads by no more than +/- 15%. But at GALFER, we are even stricter. We test all our products in accordance with the OE standard for original equipment manufacturers.

**OUR BRAKE PADS THEREFORE SATISFY EVEN THE HIGHEST SAFETY EXPECTATIONS.**

# GALFER – AND EVERYTHING RUNS SMOOTHLY

High-carbon brake discs for long life

**G**ALFER brake discs provide optimum braking performance throughout their life. This is because we choose the material carefully and process it even more carefully. At the end of the day, we want your customers to be highly satisfied with our products. And we want you to get an all-round good feeling from fitting GALFER brake discs.

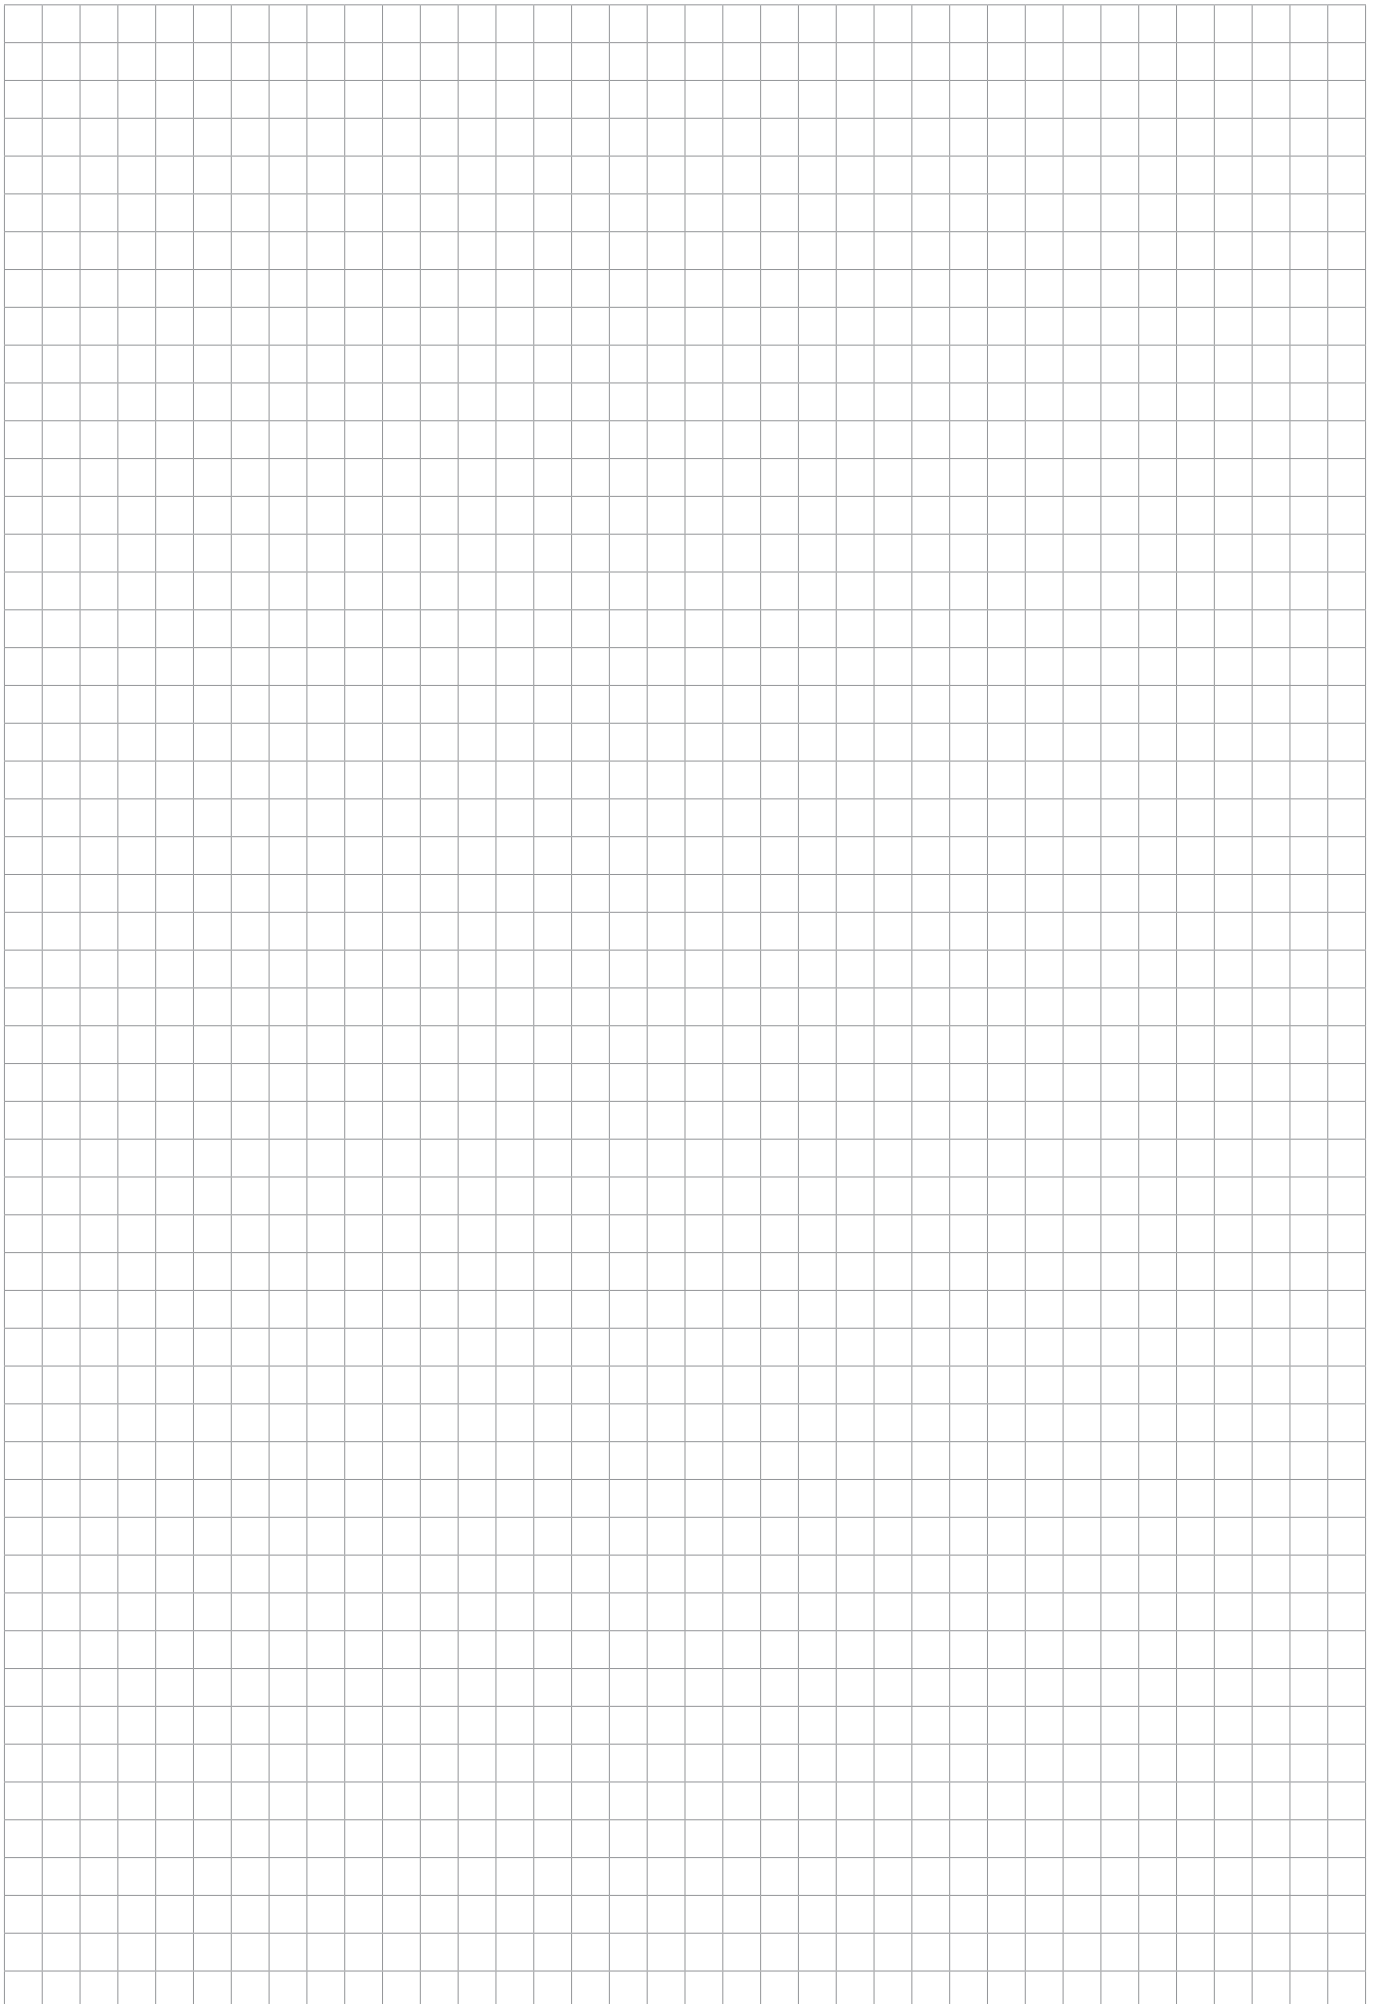

## NO TOLERANCE OF QUALITY DEFECTS

GALFER takes quality very seriously, especially where its brake discs are concerned, and allows only the smallest tolerances of no more than 30 µm for disc runout and no more than 10 µm for thickness variation. The tolerances for the centre holes are also so tight that out-of-balance and radial runout are almost non-existent. With agreeable consequences for anyone who uses GALFER brake discs: suspension and wheel bearings are protected, and brake judder and noise are minimised.

## COATED FOR BETTER PROTECTION

In order to guarantee long life, GALFER components are coated with an environmentally compatible material. These coated areas remain free from rust even after fitting.

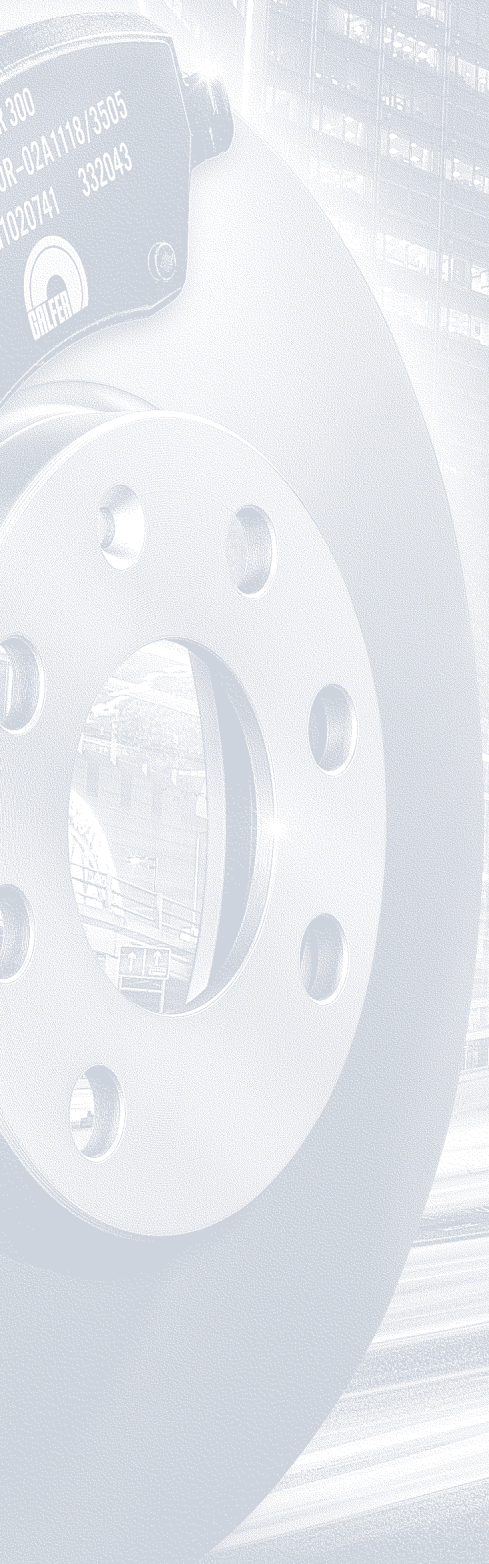

**THIS MAKES GALFER BRAKE DISCS A REAL EYE CATCHER – ESPECIALLY WITH ALLOY WHEELS.**
